Custom scopes

Specialized work? We build a custom bid with you.

WHY CONTRACTORS WORK WITH US

Five-plus years as a trusted roofing sub.

Our installers, foremen and project leads bring specialized training and field experience, so your projects finish safely, on time and ready for Minnesota winters.

- ✓

Fully insured

Liability and workers' comp, so there are no coverage gaps on your site.
- ✓

On time

Crews arrive when scheduled and keep to your project timeline.
- ✓

Clean, safety-first sites

Daily cleanup, magnetic nail sweeps and landscape protection.
- ✓

Residential and commercial

Tear-offs, new installs, repairs and storm volume work.
- ✓

Bilingual crew and communication

English and Spanish, from the office to the roof.

Protecting Minnesota homes, one roof at a time

Recent projects across the Twin Cities and beyond.

Our process

- 01

Inspection

We assess and document roof conditions, with reporting you can pass to the owner.
- 02

Clear proposal

A line-itemed bid with material recommendations for Minnesota weather.
- 03

Precision build

We protect the property and install to manufacturer standards, on your schedule.
- 04

Final walkthrough

Magnetic nail sweep and a joint walkthrough, ready for your sign-off.

Common questions

- Do you work directly with homeowners?

No. We work as a roofing subcontractor for general contractors and builders who hold the contract with the property owner.
- What roofing work do you do?

Tear-offs, new installs, re-roofs, repairs and storm volume work on residential and commercial roofs.
- Are you insured?

Yes. We carry liability and workers' comp coverage and can send current certificates for your records.
- What areas do you cover?

The Minneapolis–St. Paul metro and the rest of Minnesota. Send your location and we'll confirm.

Let's work together.

Send the scope, roof type and schedule. We'll confirm crew availability and send a quote.
